### Illuminati Symbolism in Former Disney Girl Belinda's "Egoista"

WEDNESDAY, SEPTEMBER 08 2010 13:26 Inside INFORMedia - Symbology

"In the articles "Narsha and SHINee: Illuminati Infiltration of K-Pop" and Mind Control Symbolism in Russian Pop: Vintage's "Mikkie", we discussed the obvious effort to bring to non-English speaking audiences the themes and symbols found in American pop culture, including occult/secret society symbolism, mind control and transhumanism. The agenda aims to transcend national and cultural borders to reach the "global village".

One of the artists covering the Spanish speaking market is Belinda, a Mexican singer, songwriter and actress born from a Spanish father and French mother. Her music video entitled Egoista, is simply rife with what we call "Illuminati symbolism", which are the symbols, codes and themes associated with the occult elite's agenda. We will see in this article that Belinda's success is however not the result of good luck. Quite to the contrary, she was groomed to propagate the mind control agenda since her youth at the No. 1 school for teenage pop stars: Disney."
